

# WELCOME TO THE LERN- UND SPRACHWERKSTATT!

Our offer is primarily aimed at children and young people whose first language is not German.

Of course, German-speaking young people who are interested in learning and meeting others are also welcome. We practice speaking German together and offer pedagogical support in making new friends.

With us you can practice the German language in a stress-free atmosphere, understand your school tasks more easily and find solutions on your own.

The focus is on practicing the German language!
